Re: Time Extension Request, Third Review of Notice of Intention to
Commence Large Mining Operations, Unico Mine, Deer Trail Mine,
M/031/003, Piute County, Utah

Dear Mr. Proctor:

On April 11, 2003, the Division sent its third review of your notice of intention for the Deer Trail Mine as referenced. You were asked to respond to this review by May 23, 2003. When the site was inspected on August 19, 2003, you were again asked to respond to the review ASAP since it was a couple months past due. After mailing you a second copy, and several phone calls later, we still had no response. During a site visit on September 24, 2003, a third copy was given to you. Because of a recent flash flood event, additional time was extended.

When I called today to find out the status of the review, to my dismay you requested an additional 30-40 days to submit. I passed this verbal request on to management for consideration. Their response was to allow 14 days from the receipt of this letter to respond. It is our opinion that you have had more than an adequate amount of time to prepare a response to this review. If you cannot provide a response within this time, you are directed to contact Vickie Southwick at (801) 538-5304 within 10 days of your receipt of this letter to schedule an informal conference with the Associate Director to explain why operations at the Deer Trail Mine should be allowed to continue before the permit is finalized.
